Product sheet

RUKO 14mm diameter HSS drill bit for precise and durable drilling.

Brand: Ruko

Reference: TUR 206140

The Ruko-206140 HSS rolled drill bit has a diameter of 14 mm, ideal for drilling metal materials. Its design guarantees precision and durability, making it an essential tool for demanding work in industrial and professional settings.

Description

The Ruko-206140 drill bit is designed to deliver superior performance in high-precision drilling. Made from high-speed steel (HSS), this 14 mm diameter rolled drill bit is ideal for working with a variety of materials, including metals, plastics, and wood. Its optimized geometry allows for fast and efficient penetration, reducing wear and extending the tool's lifespan. The drill bit features a high-quality finish that minimizes friction and improves chip evacuation, ensuring a cleaner and more effective drilling process.

- **Diameter:** 14 mm
- **Material:** High-speed steel (HSS)
- **Type:** Rolled drill bit
- **Use:** Suitable for metals, plastics, and wood
- **Geometry:** Optimized for efficient penetration
- **Finish:** High quality to reduce friction
- **Chip evacuation:** Improved drilling process
- **Durability:** Extended thanks to its robust design
- **Compatibility:** Compatible with standard drills
- **Applications:** Ideal for industrial and DIY projects

Specifications

High	1,40
Width	4,00
EAN	4007140018694
Manufacturer	Ruko
Weight (kg)	1,3000

Depth	26,00
