Description

The Ruko-101201 (Ø 6 mm) milling bit is a high-precision tool designed for drilling and milling tasks in a variety of materials. With a cutting angle of 118°, this bit is ideal for creating contours in wood, sheet metal, plastics, and thin-walled materials. Its optimized design allows for efficient performance and a long service life, making it a reliable choice for professionals and DIY enthusiasts.

- **Diameter:** 6 mm
- **Cutting Angle:** 118°
- **Compatible Materials:** Wood, sheet metal, plastics, thin-walled materials
- **Use:** Drilling and contour milling
- **Design:** Optimized for efficient performance
- **Durability:** High strength and long service life
- **Applications:** Ideal for precision work in various projects
- **Compatibility:** Compatible with standard drills
- **Finish:** Provides clean and precise cuts
- **Manufacturer:** Ruko

The Ruko-101201 milling cutter is an essential tool for those seeking quality and precision in their drilling and milling work.

Specifications

High	1,50
Width	1,50
EAN	4007140002303
Manufacturer	Ruko

Weight (kg)	0,0200
Depth	11,50
