

Product sheet

RUKO M DIN 352 HSS ground taps for M4 thread - 3 units, high precision.

Brand: Ruko

Reference: TUR 230040-3

Ruko-230040-3 hand tap for refinish, made of high-speed steel. Ideal for M4 threads in unalloyed steels and non-ferrous metals. Designed for heavy-duty work, it cuts the thread in three steps. Tensile strength up to 800 N/mm².

Description

The Ruko-230040-3-Machos 3os for hand facing M DIN 352 HSS ground is a high-precision tool designed for creating through and root threads in a variety of materials. Made of high-speed steel, this tap is ideal for heavy-duty applications, ensuring optimal performance in unalloyed and low-alloy steels with a tensile strength of up to 800 N/mm², as well as in malleable cast iron and non-ferrous metals. Its design allows the thread to be cut in three operations, facilitating a clean and precise finish.

- **Material:** High-speed steel (HSS)
- **Type:** Hand-facing tap
- **Standard:** DIN 352
- **Thread:** M4
- **Applications:** Tapping in unalloyed and low-alloy steels
- **Maximum strength:** 800 N/mm²
- **Use:** Deep and through tapping
- **Compatible materials:** Malleable cast iron and non-ferrous metals
- **Cutting:** Cuts the thread in three operations
- **Finishing:** Ground for greater precision

Specifications

High	1,00
Width	3,00
EAN	4007140023803
Manufacturer	Ruko
Weight (kg)	0,0100
Depth	7,50
