Description

The Ruko-246316 3-piece hand tap set is an essential tool for creating through and blind hole threads in a variety of materials, including unalloyed and low-alloy steels with a tensile strength of up to 800 N/mm², as well as malleable cast iron and non-ferrous metals. This set allows for an efficient and precise threading process, as the thread is cut in three stages: roughing, intermediate, and finishing, guaranteeing optimal results in every application.

- **Thread Type:** Whitworth BSW (formerly DIN 11)
- **Tolerance:** ISO 2/6H
- **Surface Finish:** Bright
- **Cut:** Right-hand
- **Material:** HSS (High-Speed Steel) Ground
- **Applications:** Unalloyed steel, low-alloy steel, malleable cast iron, and non-ferrous metals
- **Maximum Tensile Strength:** 800 N/mm²
- **Contents:** 3-piece set (roughing, intermediate, and finishing)
- **Presentation:** Plastic box with hanger

This tap set is ideal for professionals seeking precision and durability in their threading work.
