Description

The Ruko-231014NPT-1/4" Ground HSS NPT Tap is a high-precision tool designed for creating through threads in a variety of materials. This tap is ideal for use on unalloyed and low-alloy steels with a tensile strength of up to 800 N/mm², as well as malleable cast iron and non-ferrous metals. Its design allows the thread to be tapped in a single step, either by hand or machine, ensuring an efficient and effective process.

- **Material:** HSS (High-Speed Steel)
- **Applications:** Through threads in unalloyed steels, low-alloy steels, malleable cast iron, and non-ferrous metals
- **Maximum Strength:** 800 N/mm²
- **Thread:** Metric DIN ISO 13
- **Tolerance:** ISO 2/6H
- **Surface Finish:** Bright
- **Cut:** Right-handed
- **Presentation:** 1 piece per unit
- **Packaging:** Individual plastic box with hanger

This NPT tap is an essential tool for professionals seeking precision and durability in their machining projects.

Specifications

EAN	4007140095244
Manufacturer	Ruko
Weight (kg)	0,0500
