RUKO HSS ground 1 1/2" NPT tap for high precision threads

Brand: Ruko

Reference: TUR 231112NPT

The Ruko-231112NPT is a ground HSS NPT tap with a 1 1/2" thread, ideal for through threads in unalloyed steels and non-ferrous metals. It has a bright surface and is supplied in an individual plastic case.

Description

The Ruko-231112NPT-1 1/2" Ground HSS NPT Tap is a high-precision tool designed for creating through threads in a variety of materials. This tap is ideal for use on unalloyed and low-alloy steels with a tensile strength of up to 800 N/mm², as well as malleable cast iron and non-ferrous metals. Its design allows the thread to be tapped in a single step, either manually or by machine, guaranteeing an optimal and efficient finish in every application.

- **Thread Type:** NPT
- **Material:** HSS (High Speed Steel)
- **Thread Size:** 1 1/2
- **Applications:** Unalloyed steels, low-alloy steels, malleable cast iron, and non-ferrous metals
- **Maximum Strength:** 800 N/mm²
- **Tapping Process:** In 1 step, manual or mechanical
- **Thread Standard:** Metric DIN ISO 13
- **Tolerance:** ISO 2/6H
- **Surface:** Brilliant
- **Cut:** Right

The product comes in a practical individual plastic box with a hanger, making it easy to store and transport.

Specifications

EAN	4007140095305
Manufacturer	Ruko
Weight (kg)	1,5000
