Description

The Ruko-245059 HSS tap and thread repair set for sanitary cylindrical pipes is an essential tool for plumbing and maintenance professionals. This 13-piece set is designed to provide an efficient and precise solution for repairing damaged threads, ensuring a perfect fit and long-lasting durability. The taps and bearings are made of high-speed steel (HSS), ensuring superior wear resistance and excellent cutting capacity.

- **Composition:** 13 pieces in total.
- **G/Rp Taps DIN 5157:** 6 units, including sizes: 1/8”x28, 1/4”x19, 3/8”x19, 1/2”x14, 3/4”x14, 1”x11.
- **G Hex Bearings DIN 382:** 6 units, with the same sizes as the taps.
- **Cutting Spray:** 50 ml, ideal for facilitating the cutting process and extending tool life.
- **Material:** High-speed steel (HSS) for greater durability and strength.
- **Use:** Suitable for repairing threads on cylindrical sanitary pipes.
- **Storage:** Presented in a red, foldable plastic box for easy transport and organization.
- **Precision:** Designed to ensure a clean and precise cut every time.
- **Versatility:** Ideal for professionals and DIY enthusiasts.
