Description

The Ruko-107005-Set D Unigrat deburring system is an essential tool for professionals and hobbyists who require precise and efficient deburring. This system is designed to offer a comprehensive solution for hand deburring tasks, thanks to its wide selection of blades that allow it to handle a variety of applications. The blades are designed to adapt to the contours of the materials, making it easy to deburr holes from the inside, outside, or both sides, ensuring optimal results every time.

- **4-Piece Set:** Includes various blades for different applications.
- **Versatility:** Allows deburring of holes and edges in multiple positions.
- **Adaptability:** The blades adjust to the contours of the materials.
- **Ergonomic Design:** Facilitates handling and reduces fatigue during prolonged use.
- **High-Quality Materials:** Ensure durability and wear resistance.
- **Easy to Use:** Ideal for both professionals and DIY enthusiasts.
- **Compatibility:** Suitable for a wide range of materials.
- **Precision:** Provides a clean, professional finish every time.
- **Easy Maintenance:** The blades are easy to clean and maintain.
- **Portability:** Compact design for easy transport and storage.
