Description

The Ruko-221065 drill bit is a high-precision tool specifically designed for drilling hard materials such as concrete, granite, marble, Dutch brick, stone, and walls. With a cylindrical shank that provides a secure and comfortable grip, this drill bit is ideal for use with hammer drills. Its durable cutting edge, combined with an extra-tough alloy carbide insert, ensures exceptional durability and optimal performance even under the most demanding conditions. The 130° cutting angle allows for efficient and rapid penetration into even the toughest materials.

- **Model:** Ruko-221065
- **Type:** Concrete and Granite Drill Bit
- **Tip:** Carbide
- **Dimensions:** 6.5 x 100 mm
- **Shank:** Cylindrical
- **Use:** Hammer Drilling
- **Material:** Extra-Strong Alloy Insert
- **Welding:** High-Temperature Resistant
- **Cutting Angle:** 130°
- **Applications:** Concrete, Granite, Marble, Dutch Brick, Stone, and Walls

Specifications

EAN	4007140061119
Manufacturer	Ruko
Material	Metal
Weight (kg)	0,0200
