Description

The Vogel-200882 is an 800 mm digital workshop caliper designed for precision and versatility in a variety of measuring applications. Its robust construction includes two interchangeable, movable stainless steel jaws, allowing it to adapt to different types of work. The LCD screen features 10 mm high digits, making measurements easy to read. This device has an ON/OFF button and the option to switch between millimeters and inches, as well as the ability to zero the gauge in any position, improving efficiency. The jaws are made of anodized duralumin, ensuring durability and wear resistance. Additionally, it includes a 1.5V SR 44 battery for continuous operation.

- Maximum measuring length: 800 mm
- Stainless steel construction for durability
- LCD display with 10 mm high digits
- ON/OFF button for easy use
- Unit switching between mm and inches
- Zero setting at any position
- Anodized duralumin ruler
- Includes 1.5V SR 44 battery
- Lightweight and portable design
- No data output

Specifications

EAN	4010873632778
Manufacturer	Vogel
Weight (kg)	0,7500
