

Product sheet

VOGEL high precision micrometer DIN 863, capacity 75 mm, range 0-10 mm.

Brand: Vogel

Reference: TUR 231333

Vogel-231333 external micrometer with high precision according to DIN 863. Capacity of 75:10 mm, 8.0 mm carbide contacts, 7.0 mm LCD display, friction ratchet handwheel and insulated handle for comfortable and safe use.

Description

The Vogel-231333 outside micrometer is a high-precision tool designed to meet the demands of metrology professionals. With a measuring capacity of 75:10 mm, this micrometer stands out for its robust and durable construction, ideal for demanding work environments. Its 8.0 mm carbide contacts ensure accurate and reliable measurements, while the LCD display, with 7.0 mm high digits, allows for clear and easy reading of the results. The friction ratchet handwheel ensures constant pressure during measurement, contributing to the accuracy of the data obtained. Furthermore, it features a locking wheel that facilitates a secure and precise locking mechanism, preventing any accidental slippage. The insulated handle provides comfort and safety to the user, making this micrometer an indispensable tool for any workshop or laboratory.

- **Model:** Vogel-231333
- **Type:** Outside Micrometer
- **Capacity:** 75:10 mm
- **Contacts:** 8.0 mm Carbide
- **Display:** LCD with 7.0 mm high digits
- **Handwheel:** Friction ratchet for constant pressure
- **Locking:** Locking wheel for precise clamping
- **Handle:** Insulated for comfort
- **Construction:** Rugged and durable
- **Applications:** Ideal for metrology in workshops and laboratories

Specifications

EAN	4010873633263
-----	---------------

Manufacturer	Vogel
Weight (kg)	0,4500
