Description

The Vogel-24095070 extensions are accessories specifically designed for analog and digital comparators, offering a precise and reliable solution for various measurement applications. Made of stainless steel, these extensions guarantee high corrosion resistance and exceptional durability, making them an ideal choice for demanding work environments. With a length of 70 mm, their design allows for easy integration into measurement systems, ensuring accurate and consistent results. The M 2.5 thread, both internal and external, provides a secure and stable connection, facilitating use in different measuring tool configurations.

- **Material:** Stainless steel
- **Length:** 70 mm
- **Thread:** M 2.5 internal and external
- **Resistance:** High corrosion resistance
- **Compatibility:** For analog and digital comparators
- **Applications:** Ideal for demanding working environments
- **Accuracy:** Ensures accurate and consistent results
- **Connection:** Provides a secure and stable connection
- **Use:** Easy integration into measuring systems
- **Durability:** Long service life under adverse conditions

Specifications

EAN	4010873403064
Manufacturer	Vogel
Weight (kg)	0,0100
