

## Product sheet

**VOGEL triangular patterns,  
metric type, steel, 60 degrees,  
high precision.**

Brand: Vogel

Reference: TUR 472002

Vogel-472002 triangular steel gauges, designed for metric threads with a 60-degree angle. Graduated for easy measurement and use in engineering and mechanical applications. Ideal for professionals requiring precision in their work.

[View product online](#)**Description**

Vogel-472002 steel triangular gauges are high-precision tools designed for creating and verifying metric threads with a 60-degree angle. Made from high-quality steel, these gauges offer exceptional durability and wear resistance, making them an ideal choice for engineering and manufacturing professionals. Their graduated design allows for easy reading and application, ensuring accurate results every time. These patterns are essential to ensure compliance with metric thread specifications, facilitating work on projects that require a high degree of accuracy.

- **Material:** High-quality steel
- **Thread type:** Metric
- **Thread angle:** 60 degrees
- **Graduations:** Graduated patterns for easy reading
- **Use:** Verification and creation of metric threads
- **Durability:** High wear resistance
- **Accuracy:** High-precision tool
- **Application:** Ideal for engineers and manufacturers
- **Dimensions:** Exact specifications according to the model
- **Compatibility:** Compatible with various industrial applications

**Specifications**

|     |               |
