Description

The Sola-PT520DISPLAY torpedo spirit level is an essential tool for professionals and hobbyists who require precision in their leveling work. Made of high-quality ABS plastic and in an attractive red color, this compact 200 mm level combines durability and functionality. Its prismatic base allows for optimal contact with surfaces, ensuring accurate readings in a variety of applications. This device is unaffected by water, cold, and heat, making it a reliable choice in any work environment.

The Sola-PT520DISPLAY features three bubbles: one horizontal, one vertical, and one inclined at 45°, providing versatility for different types of measurements.

Its portable design makes it ideal for carrying in your pocket, facilitating its use anytime, anywhere.
