Description

The GT Line-ATOMIKWHPEL tool case is designed to meet the needs of the most demanding professionals. Made of high-density polypropylene, this case offers exceptional resistance to extreme temperatures and most corrosive chemicals. Its innovative injection molding system ensures consistent material thickness, even at the corners, contributing to its robustness. The large, thick aluminum frame provides a solid structure ideal for daily use in demanding work environments. The GT Line-ATOMIKWHPEL features a functional design that includes a telescopic handle and two wheels for easy transport. Furthermore, its interior is optimized with elastic straps for securing tools, as well as two tool panels for efficient organization. Security is guaranteed with two keyed metal locks and three metal hinges that ensure maximum strength.

- Tool attachment type: elastic straps.
- 2 tool panels with elastic straps.
- 2 keyed metal locks.
- 3 metal hinges for maximum strength.
- Ergonomic rubber-coated handle.
- 1 telescopic handle (trolley) + 2 wheels.
- 1 document compartment.
- Interior compartment with adjustable dividers.
- Name and address label.

Note: The measurements indicated are interior measurements. The case is delivered empty.

Specifications
