Description

The GT Line-WL01 is an ideal solution for organizing small items. Designed for functionality and durability, this box features six compartments that allow you to efficiently sort and store a variety of items. Made of shock-resistant polypropylene, it guarantees superior strength, making it a reliable storage option in demanding environments.

Its stackable design optimizes space, allowing multiple units to be placed on top of each other without compromising stability. This is especially useful in workshops, offices, or at home, where organization and accessibility are essential.

The boxes are supplied empty and separately, allowing you to customize the quantity and arrangement to suit your needs.
