Description

The GT Line-WL02 is a practical and efficient solution for storing small items. Designed for easy organization, this box features 13 compartments that allow for easy sorting and access to various items. Made of high-quality polypropylene, its shockproof structure ensures durability and resistance in demanding work environments.

Furthermore, its stackable design optimizes space, allowing for the neat and accessible storage of multiple units.

The boxes are supplied empty and separately, providing the flexibility to suit different storage needs.
