Description

The GT Line-5822.B EXPLORER 5822 waterproof case is the ideal solution for the safe transport and storage of sensitive equipment and items. Designed with a focus on durability and protection, this case is shockproof, crushproof, and resistant to corrosive products, making it a reliable choice for demanding environments. Its IP67 rating guarantees complete watertightness, allowing the case to be submerged up to 10 meters deep, as well as offering resistance to dust and sand. Made from high-density, reinforced polypropylene, the GT Line-5822.B is capable of withstanding extreme temperatures, from -33°C to +90°C, and pressure changes, making it suitable for military applications and outdoor adventures.

- Shockproof and crushproof
- Waterproof - IP67 certified - Watertight up to 10m
- Dustproof and sandproof
- Corrosive-proof
- Temperature tolerance: -33°C/+90°C
- Stackable with different-sized models
- Valve for internal pressure adjustment
- Strong pressure latches and reinforced metal hinges
- Robust and ergonomic handle
- Interior with micro-perforated foam layers for a customized fit

Specifications

High	65,00
Width	55,00

EAN	8024482008721
Manufacturer	GT Line
Weight (kg)	7,0000
Depth	25,00
