Description

The GT Line-7630.BE EXPLORER 7630 waterproof case is the ideal solution for those who require safe and reliable transport of their equipment in extreme conditions. Designed with a high-density plastic resin material (enriched polypropylene), this case offers exceptional resistance to shocks, water, dust, and corrosive products. Its IP67 certification guarantees complete watertightness up to 10 meters deep, making it a perfect choice for outdoor activities and military applications. Furthermore, its ability to withstand extreme temperatures from -33°C to +90°C and pressure changes makes it suitable for any challenging environment.

- Shockproof and crushproof.
- IP67 certified: watertight to a depth of 10m.
- Dust and sand resistant.
- Protection against corrosive products.
- Valve for internal pressure adjustment.
- Neoprene gaskets for complete watertightness.
- Large, secure, high-pressure latches.
- Corrosion-proof reinforced metal hinges.
- Robust and ergonomic handle, with wheels and a telescopic handle for easy transport.
- Stackable with other models and available in various colors, including orange and military green upon request.

Specifications

High	90,00
Width	60,00
EAN	8024482009056

Manufacturer	GT Line
Weight (kg)	11,0000
Depth	35,00
