

Product sheet

**ATM thread guide, 40 m long,
maximum traction 360 kg,
interchangeable tip.**

Brand: ATM

Reference: TUR 780040

Steel/nylon cable guide, ideal for underground work. With a helical cable head, it allows a maximum pulling force of 360 kg. Includes spring tip, wheel head, eyelet, and carabiner. Length 40 m, diameter 6 mm. Green.

[View product online](#)**Description**

The ATM-780040 cable puller is a specialized tool designed to facilitate underground work, ideal for passing cables between manholes and service connections. Made with a flat, nylon-coated strip, this puller offers exceptional strength, ensuring optimal performance under demanding conditions. Its helical cable head allows for easy and efficient cable or hose entry, making it a reliable choice for industrial applications.

- **Length:** 40 m
- **Diameter:** 6 mm
- **Maximum Tensile Strength:** 360 kg
- **Material:** Nylon-coated flat strapping
- **Color:** Green
- **Use:** Especially for underground work
- **Included Accessories:** Spring tip, wheel head, eyelet, and carabiner
- **Design:** Helical cable head for easy cable or hose entry
- **Applications:** Passage between manholes and service entrances
- **Recommended Use:** Industrial

The ATM-780040 cable puller is an essential tool for professionals who require efficiency and durability in their underground projects.
