Product sheet

WITTE PH 2 impact bits in plastic case, 3 units.

Brand: Witte

Reference: TUR 428556

Witte-428556-3 impact bits in a plastic case, PH 2, designed for cordless screwdrivers. Measuring 38 mm in length, they offer high strength and durability thanks to their torsional shape and flexible material. Ideal for tightening torques above 25 Nm.

Description

Witte-428556-3 impact bits are the ideal solution for maximizing the efficiency of professional cordless impact drivers. Designed specifically for these tools, these bits offer superior strength and a longer lifespan compared to standard bits. This is achieved thanks to their unique torsional shape, highly flexible material, and specially hardened steel that ensures exceptional performance under demanding conditions.

With a compact design of 38 mm in length, the bits allow for direct application in cordless impact drivers without the need for a bit holder. This not only makes the job easier but also provides optimal control during handling, resulting in a more efficient and precise user experience.

These bits are especially recommended for screwdrivers operating with tightening torques above 25 Nm, thus ensuring optimal performance in demanding tasks.

- Model: Witte-428556-3
- Type: Impact bits
- Length: 38 mm
- Guide: 1/4"
- Material: Hardened special steel
- Shape: Unique torsion shape
- Flexibility: High
- Recommended for tightening torques> 25 Nm
- Direct application without a bit holder
- Optimal integral torsion area

Specifications

High	2,00
Width	5,00
EAN	4003955321998
Manufacturer	WITTE
Material	Plástico
Weight (kg)	0,0300
Depth	8,50
