The NWS-1451-69-180 multifunctional wire stripper is a tool designed to offer exceptional performance in cutting and stripping wires. With a length of 180 mm, this pliers is ideal for working with both hard and soft wires, providing a versatile solution for various electrical and wiring applications. Its wire stripping function allows for precise, fast, and safe stripping of round wires with a diameter ranging from 8 mm to 13 mm. Equipped with V-shaped blades, these pliers can handle wires and cords with cross-sections up to Ø 5 mm or 10 mm², guaranteeing a clean and efficient cut.

- Precision blades for fine wires.
- Induction-hardened cutting edges for greater durability.
- Power joint with optimal leverage transmission for effortless work.
- Cutting capacity for soft wire: 220 N/mm² (copper, aluminum, plastic) up to 6 mm.
- Cutting capacity for hard wire: 1,800 N/mm² (wire fiber, steel wire) up to 2 mm.
- Cutting capacity for aluminum and copper cables: up to 11 mm.
- Ergonomic, non-slip, 2-component SoftGripp handles in red/gray.
- Head Teflon-coated in titanium color for greater corrosion resistance.
- Made of tool steel, forged and oil-hardened.
