Description

The Hultafors-390083 chisel is an essential tool for any woodworking enthusiast or professional. Designed for exceptional performance, this chisel features a high-quality Japanese steel blade, ensuring long-lasting sharpness and superior corrosion resistance thanks to its anti-rust coating. Its handle, made of fiberglass reinforced with PP plastic, is designed to withstand heavy impacts, making it an ideal choice for demanding jobs. This versatile chisel is suitable for a variety of applications, including carving, cutting, scraping, and prying in wood. Furthermore, it comes in a ventilated PP plastic sheath, which ensures its preservation and protection when not in use.

- **Japanese Steel Blade:** Sharp and corrosion-resistant.
- **Anti-rust Coating:** Extends the tool's lifespan.
- **Reinforced Handle:** Made of fiberglass and PP plastic.
- **Impact Resistance:** Designed to withstand hammer blows.
- **Versatility:** Ideal for carving, cutting, scraping, and prying in wood.
- **Storage Sheath:** Includes a ventilated PP plastic sheath.
- **Dimensions:** 32 mm wide and 232 mm long.
- **Professional and Amateur Use:** Suitable for various woodworking applications.
- **Design Ergonomic:** Facilitates handling and precision at work. **Hultafors Quality:** Recognized for its durability and performance.

Specifications

High	4,00
