

Product sheet

**OCG 8 HULTAFORS gouge with steel blade and ergonomic handle for precision carving.**

Brand: Hultafors

Reference: TUR 390123

The Hultafors-390123-OCG 8 gouge is designed for cutting cable channels. It features an 8 mm radius outer cutting edge, ideal for precision work in wood and other materials. Its design facilitates handling and efficiency.

[View product online](#)**Description**

The Hultafors-390123-OCG 8 gouge is a specialized tool designed to facilitate the opening of cable channels in various construction and maintenance applications. Its ergonomic design and 8 mm radius outer cutting edge allow for precise and efficient cuts, optimizing time and effort on the job. This gouge is ideal for professionals who require a reliable and durable tool for laying out electrical and telecommunications installations.

- **Model:** Hultafors-390123-OCG 8 Gouge
- **Use:** Opening channels for cables
- **Outer cutting edge:** 8 mm radius
- **Material:** High-quality steel
- **Ergonomic design:** Facilitates handling and reduces fatigue
- **Applications:** Ideal for construction and maintenance work
- **Durability:** Resistant to wear and corrosion
- **Dimensions:** Compact and lightweight for easy transport
- **Compatibility:** Suitable for different types of surfaces
- **Maintenance:** Easy to clean and sharpen

Specifications

High	4,00
Width	5,50
EAN	7317843901214
Manufacturer	Hultafors
Material	Steel
Weight (kg)	0,2000

Depth	24,50
