**VOGEL digital electronic caliper,
200 mm capacity, 0.01 mm
resolution, 0.01 mm
repeatability**

Brand: Vogel

Reference: TUR 202041.3

Vogel-202041.3 digital electronic caliper, with a 200 mm capacity and 0.01 mm resolution. Made of stainless steel, it features a clear LCD screen, mini USB output, and interchangeable sliding wheel. Includes CR2032 batteries. Ideal for precise measurements.

[View product online](#)**Description**

The Vogel-202041.3 digital electronic caliper is a precise and reliable measuring tool designed to meet the needs of professionals in various industries. With a measuring capacity of up to 200 mm and a resolution of 0.01 mm, this caliper provides accurate and repeatable readings, facilitating work on projects requiring high precision. Its robust construction in hardened stainless steel ensures durability and wear resistance, while its ergonomic design includes a removable sliding wheel that can be easily installed for improved user comfort.

The large LCD screen offers a clear reading with 9 mm high digits, allowing for effortless viewing of results. In addition, the caliper features an on/off button, as well as a button to switch between millimeters and inches, and a zeroing button to set the caliper to "0" in any position, adding versatility to its use.

The mini USB data output facilitates information transfer to external devices, making this caliper a modern and efficient tool.

- Measuring capacity: 200 mm
- Resolution: 0.01 mm
- Repeatability: 0.01 mm
- Hardened stainless steel construction
- Removable sliding wheel
- LCD display with 9 mm digits
- Data output (mini USB)
- On/Off button

- Conversion between mm and inches
- Includes 3 CR2032 batteries

Specifications

EAN	4010873639067
Manufacturer	Vogel
Weight (kg)	0,2100
