

Product sheet

VOGEL depth gauge, 200 mm capacity, digital DIN 862, high precision.

Brand: Vogel

Reference: TUR 228252

Vogel 228252 electronic-digital depth gauge with a 200 mm capacity. Made of hardened stainless steel, it features an LCD screen, on/off button, and zeroing function. Includes a 3V battery.

[View product online](#)**Description**

The Vogel-228252 Electronic-Digital Depth Gauge, compliant with DIN 862, is a precise and reliable measuring tool designed to meet the needs of professionals and hobbyists in the fields of mechanics and woodworking. Its hardened stainless steel construction ensures durability and wear resistance, while the protective plastic housing provides additional protection against impacts and adverse conditions. This gauge features a top screw locking system that ensures measurement stability, allowing for comfortable and safe use.

The easy-to-read LCD screen, with 10 mm high digits, facilitates the viewing of measurements, and its on/off button allows for efficient battery use.

Furthermore, the zeroing function at any position and the ability to switch between millimeters and inches make this caliper a versatile and practical tool for various applications.

- Measuring capacity: 200 mm
- Material: Hardened stainless steel
- Case: Protective plastic
- Locking mechanism: Top screw
- Display: LCD with 10 mm digits
- On/Off function: "on/off"
- Zeroing: "0" at any position
- Switching: mm to inches
- Includes: 1 x 3V battery (CR2032 type)
- Standard: DIN 862

Specifications

EAN	4010873329180
Manufacturer	Vogel
Weight (kg)	0,7000
