[View product online](#)**Description**

The ProCoil Ruko-244203 thread repair kit is a comprehensive solution for restoring M6 threads, designed for optimal performance in maintenance and repair work. This 18-piece set includes high-quality tools that guarantee precise and long-lasting results. The 6.2 mm diameter twist drill bit allows for clean and effective drilling, while the DIN 352 HSS M 6 x 1.0 hand tap ensures efficient cutting and a perfect thread. The M6 mounting tool facilitates the installation of the bushings, which come in three different heights to suit various repair needs.

- 1 Twist Drill Bit Ø 6.2 mm
- 1 Hand Tap DIN 352 HSS M6 x 1.0
- 1 M6 Mounting Tool
- 1 Bolt Breaker Ø 4.8 mm
- 5 Threaded Bushings in Different Heights: 1.0 x Ø, 1.5 x Ø, 2.0 x Ø
- High-strength material for durability
- Ergonomic design for comfortable handling
- Ideal for automotive, machinery, and DIY applications
- Easy to use, even for beginners
- Compact and easy to store

This set is an essential tool for any workshop or the DIY enthusiast looking for an effective solution to repair damaged threads.
