[View product online](#)**Description**

The ProCoil Ruko-244205 thread repair kit is a comprehensive solution designed to restore and reinforce damaged threads in M10 applications. This 18-piece set includes high-quality tools that ensure precise and efficient work, ideal for professionals and DIY enthusiasts. The 10.3 mm diameter twist drill bit allows for accurate drilling, while the DIN 352 HSS M 10 x 1.5 hand tap ensures a clean and durable cut. The M10 mounting tool facilitates the installation of the bushings, which come in three different heights to suit various repair needs.
