[View product online](#)**Description**

The ProCoil Ruko-244207 thread repair kit is a comprehensive solution designed to restore damaged threads in M14 applications. This 18-piece set includes high-quality tools that ensure optimal performance and easy installation. The 14.5 mm diameter twist drill bit allows for precise drilling, while the DIN 352 HSS M 14 x 2.0 hand tap ensures a clean and durable cut. The M14 mounting tool facilitates the insertion of the bushings, which come in different heights to suit various repair needs.

- 18-piece M14 thread repair kit.
- 14.5 mm diameter twist drill bit for precise drilling.
- DIN 352 HSS M14 x 2.0 hand tap for durable cuts.
