

Product sheet

**RUKO HSSE-Co 5 ground tap
type B, 3/4 UNC thread, DIN
376.**

Brand: Ruko

Reference: TUR 265034UNC

Ruko-265034UNC machine tap, designed for through threads. Made of HSSE-Co 5 steel with ground, derelieved flanks. 3/4" American UNC coarse thread, ideal for industrial applications requiring precision and durability.

[View product online](#)**Description**

The Ruko-265034UNC is a machine tap specifically designed for creating through threads. This product features a flute shank that facilitates the tapping process, ensuring a precise and efficient finish. Its design incorporates a coarse American UNC thread, making it a versatile tool suitable for various industrial applications. The relief grinding of the flanks ensures greater durability and optimal performance, allowing for extended use without compromising the quality of the work performed.

- **Type:** Machine tap
- **Shank:** Through thread relief
- **Thread:** American UNC coarse
- **Flanks:** Relief ground
- **Material:** HSSE-Co 5
- **Standard:** DIN 376
- **Application:** Threading in metals and other materials
- **Thread diameter:** 3/4"
- **Use:** Industrial and professional
- **Durability:** High resistance to wear

Specifications

EAN	4007140099433
Manufacturer	Ruko
Weight (kg)	0,1400
