Description

The Ruko-265010UNC is a machine tap specifically designed for creating through threads. This product features a flute shank that facilitates the tapping process, ensuring a precise and efficient finish. Its design incorporates a coarse American UNC thread, making it a versatile tool suitable for various industrial applications. The ground relief of the flanks ensures greater durability and optimal performance, allowing for extended use without compromising the quality of the work performed.

- **Type:** Machine tap
- **Shank:** Through thread relief
- **Thread:** American UNC coarse
- **Flanks:** Ground relief
- **Dimensions:** 1" thread
- **Material:** HSSE-Co 5
- **Applications:** Ideal for industrial and mechanical work
- **Durability:** High wear resistance
- **Precision:** High-quality finish
- **Compatibility:** Compatible with various machines thread

Specifications

EAN	4007140099457
Manufacturer	Ruko
Weight (kg)	0,3700
