

Product sheet

**RUKO HSSE-Co 5 ground tap
type B, 3/8 UNF thread, DIN
371.**

Brand: Ruko

Reference: TUR 265038UNF

Ruko-265038UNF machine tap, designed for through threads. Manufactured with a reinforced shank and ground, derelieved flanks. American UNF fine thread, ideal for applications requiring precision and durability. 3/8" thread.

[View product online](#)**Description**

The Ruko-265038UNF is a tap specifically designed for machine tools, ideal for creating through threads. This product features a reinforced shank, which provides greater durability and strength during the tapping process. The American UNF fine thread ensures a precise and secure fit, while the ground flanks allow for a more efficient and cleaner cut, minimizing tool wear and optimizing performance in industrial applications.

- **Type:** Machine tap
- **Shank:** Reinforced for durability
- **Application:** Through hole tapping
- **Thread:** American UNF fine
- **Flanks:** Ground flanks
- **Standard:** DIN 371
- **Material:** HSSE-Co 5
- **Thread diameter:** 3/8"
- **Use:** Ideal for industrial and mechanical applications
- **Quality:** High precision and finish

This tap is an essential tool for professionals seeking efficiency and quality in their machining work.

Specifications

EAN	4007140099716
Manufacturer	Ruko
Weight (kg)	0,0400
