Description

The Ruko-265058UNF is a machine tap specifically designed for creating through threads. This product features a flute shank that facilitates the tapping process, ensuring a precise and efficient finish. Its design incorporates an American UNF fine thread, making it a versatile tool for various industrial applications. The tap flanks undergo a back-ground process, ensuring greater durability and optimal performance.

- **Type:** Machine tap
- **Shank:** Overflow tap for through threads
- **Thread:** Fine American UNF
- **Flanks:** Back-ground
- **Standard:** DIN 374
- **Material:** HSSE-Co 5
- **Applications:** Ideal for precision work on metal and other materials
- **Dimensions:** 5/8" thread
- **Use:** Compatible with various tapping machines
- **Durability:** High wear resistance

This tap is an essential tool for professionals seeking quality and precision in their threading work.

Specifications

EAN	4007140099754
Manufacturer	Ruko
Weight (kg)	0,0900
