Description

The Ruko-265078UNF is a machine tap specifically designed for creating through threads. This product features a flute shank that facilitates the tapping process, ensuring a precise and efficient finish. Its design incorporates an American UNF fine thread, making it a versatile tool suitable for various industrial applications. The ground relief of the flanks ensures greater durability and optimal performance, allowing for extended use without compromising the quality of the work performed.

- **Type:** Machine tap
- **Shank:** Through thread tap
- **Thread:** American UNF fine
- **Flanks:** Ground relief
- **Standard:** DIN 374
- **Material:** HSSE-Co 5
- **Application:** Ideal for precision metalworking
- **Use:** Compatible with various tapping machines
- **Dimensions:** 7/8" thread
- **Durability:** High resistance to wear

Specifications

EAN	4007140099778
Manufacturer	Ruko
Weight (kg)	0,2600
