Description

The Ruko-240012UNC threading bearing is a high-precision tool designed for applications requiring a secure and durable fit. Manufactured to DIN EN 22568 standards, this bearing features a ground finish that ensures excellent surface quality and optimal performance. Its closed, pre-grooved Type B design allows for easy and efficient installation, ideal for projects requiring a 1/2" American UNC coarse thread. This product is perfect for professionals seeking reliability and strength in their machining and assembly work.

- **Type:** Closed, pre-grooved B
- **Thread:** American UNC coarse thread
- **Dimensions:** 1/2"
- **Standard:** DIN EN 22568
- **Material:** HSS (High-Speed Steel)
- **Finish:** Ground
- **Applications:** Machining and assembly
- **Use:** Professional and industrial
- **Durability:** High wear resistance
- **Compatibility:** Standard threading tools

Specifications

High	2,00
Width	4,50
EAN	4007140068439
Manufacturer	Ruko
Weight (kg)	0,0900

Depth	4,50
