

Product sheet

GUILLET pilot drill bit with 1/8 conical connection and design for core bits.

Brand: Guillet

Reference: TUR 2528

Guillet-2528 pilot drill bit, Ø 11 mm and 130 mm long, designed for core drills with a 1/8" tapered connection. Ideal for precise drilling in various materials, guaranteeing efficient and long-lasting performance in carpentry and construction work.

Description

The Guillet-2528 pilot drill bit is a high-precision tool designed to facilitate working with core bits in drilling applications. With a diameter of 11 mm and a length of 130 mm, this pilot drill bit is ideal for ensuring a clean and accurate drilling start. Its 1/8" tapered connection allows for easy and secure integration with various core bits, ensuring optimal performance every time. Made with high-quality materials, the Guillet-2528 is designed to withstand demanding working conditions, offering durability and wear resistance.

- **Diameter:** 11 mm
- **Length:** 130 mm
- **Connection:** 1/8" Tapered
- **Material:** High quality
- **Use:** Compatible with core bits
- **Accuracy:** High drilling accuracy
- **Durability:** Wear resistant
- **Applications:** Ideal for drilling work
- **Design:** Efficient and functional
- **Maintenance:** Easy to clean and maintain

Specifications

High	1,00
Width	22,00
EAN	3660354025288
Manufacturer	Guillet
Weight (kg)	0,0600

Depth	3,00
