

Product sheet

GUILLET drilling head with ratio thread, 60 mm diameter, Megadrill modular system.

Brand: Guillet

Reference: TUR 8533

Guillet-8533 Holomax drilling head with ratio thread, designed for the Megadrill modular system. With a 60 mm diameter, it allows for deep and efficient drilling, adapting to various situations. Proper maintenance is required for optimal performance.

Description

The Guillet-8533 Holomax drill head with ratio thread, part of the Megadrill modular system, is a tool designed for versatility and efficiency in drilling tasks. With a 60 mm diameter, this head adapts to various drilling situations, allowing for easy drilling of holes up to 1 meter deep. Its modular design allows for the addition of extensions to the adapter, facilitating work in different types of materials and conditions. To optimize performance, frequent forward and reverse movements are recommended, which helps to clear debris and prevent blockages. Maintaining proper alignment of the hammer on its axis is essential to ensure accurate and effective drilling. It should be noted that drilling progresses at greater depths, requiring patience and attention to detail. Furthermore, it is crucial to keep the threaded parts lubricated and protected from dust and moisture to ensure the durability and proper functioning of the drill head.

- **Diameter:** 60 mm
- **System:** Modular Megadrill
- **Maximum Depth:** 1 meter
- **Recommended Movements:** Forward and backward to clear debris
- **Alignment:** Keep the hammer aligned on its axis
- **Drilling Speed:** Slower at greater depths
- **Maintenance:** Lubricate threaded parts
- **Protection:** Keep away from dust and moisture
- **Adaptability:** Useful for various drilling situations
- **Ease of Use:** Extensions that simplify the process

Specifications

High	17,00
Width	8,00
EAN	3660354085336
Manufacturer	Guillet
Weight (kg)	0,8800
Depth	8,00
