Description

The Kukko-2-V-150-S is a set of 3 extensions specifically designed to lengthen the legs of the 30-2 and 30-20 bearing pullers. With a length of 150 mm, these extensions allow the tool to be adjusted to the desired size, thus facilitating the removal of bearings in confined or hard-to-reach spaces. Made with high-quality materials, they guarantee durability and strength, ensuring optimal performance in various mechanical applications.

- **Compatibility:** Designed for bearing pullers models 30-2 and 30-20.
- **Length:** Each extension measures 150 mm.
- **Material:** Made of high-strength steel.
- **Use:** Allows you to lengthen the puller legs to the desired length.
- **Ease of Installation:** They easily attach to compatible pullers.
- **Versatility:** Ideal for automotive mechanics and industrial maintenance.
- **Durability:** Resistant to wear and corrosion.
- **Precision:** Designed for a secure and stable fit during use.
- **Set:** Includes 3 extensions for greater application flexibility.
- **Dimensions:** Compact and lightweight for easy handling and storage.

Specifications

High	18,80
Width	8,10
EAN	4021176985218
Manufacturer	Kukko
Weight (kg)	1,7750
Depth	2,40
