

Product sheet

**INTERFLEX zirconia laminated disc 115 mm, grit 60, high durability.**

Brand: Interflex

Reference: TUR ZC421X.115.60EP

Interflex-ZC421X 115mm (60 grit) Zirconium laminated disc with a wearable, domed fiberglass base. Ideal for working on edges and sharp corners. Requires high pressure on flat surfaces for optimal performance.

[View product online](#)**Description**

The Interflex-ZC421X.115.60EP laminated disc is a high-quality tool designed to deliver exceptional performance in grinding and finishing applications. With a diameter of 115 mm and a grit of 60, this disc is made from zirconium abrasive, known for its durability and material removal efficiency. Its wearable fiberglass backing provides a robust yet lightweight structure, ideal for demanding applications. The domed base allows for optimal surface contact, facilitating work on edges and sharp angles, where greater precision and control are required.

- **Diameter:** 115 mm
- **Grit:** 60
- **Abrasive Material:** Zirconium
- **Base:** Wearable Fiberglass
- **Design:** Domed Base
- **Recommended Use:** Sharp edges and angles
- **Pressure on Flat Surfaces:** Requires high pressure to break the grit
- **Clogging Prevention:** Important in flat applications
- **Applications:** Grinding and finishing on metal and other materials
- **Compatibility:** Ideal for tools electric and pneumatic

Specifications

High	0,00
Width	0,00
