## Description

The Pica-4030 is a case containing 10 multipurpose graphite leads, designed for versatility on a wide variety of surfaces. These water-soluble leads are ideal for use in both dry and wet conditions and adhere to smooth, rough, dusty, or oily surfaces, regardless of color. Thanks to their formulation, marks can be easily removed from smooth surfaces using a damp cloth, providing a clean and efficient user experience.

The leads come pre-sharpened, ensuring precision with every stroke. The durable case protects the leads during transport and storage.

However, it is important to note that the red and yellow leads should not be exposed to temperatures above 40°C to maintain their integrity.

- Water-soluble multipurpose leads
- Compatible with dry and wet surfaces
- Works on smooth, rough, dusty, and oily surfaces
- Easy removal with a damp cloth
- Pre-sharpened tips for greater accuracy
- Durable case for protection and storage
- Available in cases of 10 leads per color
- Assorted cases of 8 leads: 4 graphite, 2 red, 2 yellow
- Do not expose red and yellow leads to temperatures above 40°C
