Description

The GT Line-AIBOX6.E is an empty inner drawer/case designed specifically for the ALL.IN.ONE model, with a height of 60 cm. Made of high-strength, shock-resistant polypropylene, this product is ideal for the safe storage of various components and accessories. Its design allows for easy insertion into the ALL.IN.ONE case by removing the transparent top lid, providing easy access to its contents. AIBOXES are available in different configurations, including options with two-tone pre-cut foam, empty, or with a set of small boxes for organizing components. This storage system is highly practical and durable, adapting to the needs of users who require an efficient solution for transporting and organizing their tools and materials.

- Material: Shockproof polypropylene
- Height: 60 cm
- Available height options: 30, 60, and 95 mm
- Stackable design to optimize space
- Transparent lid for easy viewing of contents
- Double-latch locking system for added security
- Identification labels for the contents of each drawer
- Available configurations: empty, with two-tone pre-cut foam, or with small boxes
- Ideal for storing various components and accessories
- Compatible with the ALL.IN.ONE case
