### Description

The PEL GT Line-KIN.0382 lower tool panel is specifically designed for the ROCK 350 and TURTLE 350 cases, offering an efficient solution for organizing tools and accessories. This panel allows quick and easy access to essential items, optimizing the available space in the case. Its robust design and functionality ensure that tools remain secure and within easy reach, facilitating their use in various applications.

The panel includes PEL elastic straps that secure the tools in place, preventing unwanted movement during transport.

In addition, it is complemented by two wing nuts that provide extra support, and four rivets that ensure the panel's durability and stability on the case.
