Description

The PTS GT Line-KIN.0622 lower tool panel is an accessory specifically designed to optimize tool storage and organization in ATOMIK WHEELS and ATOMIK 215 cases. This panel integrates seamlessly into the case system, providing quick and easy access to the necessary tools in any situation. Its design includes elastic pockets that securely hold tools, facilitating their transport and use.

The Click & Go mounting system ensures quick and easy installation, allowing the user to adapt their case to their specific needs without complications.

This panel is ideal for professionals and hobbyists looking to maximize the functionality of their work equipment.
