Description

The PEL GT Line-KIN.0409 top tool panel is specifically designed to optimize space and organization within the NEW MEGA WHEELS case. This accessory allows for quick and efficient access to tools, facilitating their transport and storage. Its functional and robust design ensures that tools stay in place, preventing clutter and loss during transport.

The panel features elastic straps that securely hold various tools, adapting to different sizes and shapes. This fastening system not only maximizes load capacity but also protects tools from potential damage.

Installation is quick and easy, allowing users to efficiently equip their tool case.
