Description

The Sola-HPL75 HPL Precision Spirit Level (75 cm) is a tool specifically designed for door and window installation, guaranteeing maximum accuracy in every measurement. Its robust construction includes an extra-strong 100x25 mm aluminum "I" profile, providing exceptional stability during use. The natural anodized finish ensures long-lasting durability, while the highly sensitive bubbles allow you to detect even the smallest deviations, facilitating more efficient work.

The patented SOLA FOCUS bubbles offer improved readings, being 25% faster and more accurate, as well as providing 45% better visibility. These bubbles are made of shatter-resistant acrylic and feature a magnifying lens that increases visibility by 60%, backed by a 30-year leak-proof warranty.

Integrated handles allow for a comfortable grip, optimizing the user experience.

- Maximum measurement accuracy in standard and inverted positions.
- Maximum tolerance in standard position: 0.30 mm/m (0.017°).
- Maximum tolerance in inverted position: 0.50 mm/m (0.029°).
- Large, extra-strong aluminum "I" profile (100x25 mm).
- Natural anodized finish for durability.
- Highly sensitive precision bubbles.
- SOLA FOCUS bubbles for improved readability and speed.
- Acrylic block bubbles with magnifying lens (+60%).
- 30-year leak-proof guarantee.
- Integrated handles for a comfortable grip.

Specifications

High	3,00
Width	10,00
EAN	9002719030713
Manufacturer	Sola
Weight (kg)	1,0000
Depth	75,00
