Description

The OLFA-MXP-L is a high-end utility knife designed to meet the needs of professionals seeking precision, durability, and comfort in their cutting tools. Its robust die-cast aluminum construction ensures greater wear resistance, while its wrap-around, non-slip elastomer fiber handle provides a secure and comfortable grip during long workdays. This utility knife is equipped with an extra-sharp 18 mm blade, ideal for making precise cuts in a wide variety of materials. The wheel-lock system ensures the blade stays in place, allowing for controlled and safe cuts. Furthermore, the innovative handle design includes a robust, wear-resistant blade channel that facilitates extended use without compromising cut quality. The OLFA-MXP-L also allows for a tool-less blade change, simplifying the replacement process and maximizing work efficiency.

- Die-cast aluminum construction
- Non-slip elastomer fiber grip
- Extra-sharp 18 mm blade
- Wheel locking system
- Tool-free blade change
- Wear-resistant blade channel
- Lanyard hole for safety or hanging
- Ergonomic design for comfort
- Compatible with various 18 mm OLFA blades
- Flagship model of the OLFA series

Specifications

High	1,50
