Description

The Guillet-2806 is a high-precision chisel designed specifically for engraving on hard surfaces such as marble and granite. Its carbide tip ensures exceptional durability and superior performance, allowing for easy, fine, and detailed cuts. This chisel is an essential tool for professionals and hobbyists seeking quality and efficiency in their engraving projects. Its ergonomic design facilitates handling and provides optimal control during use, resulting in more precise and cleaner finishes.

- **Carbonized tip:** Ensures a long lifespan and wear resistance.
- **Dimensions:** 6 mm wide and 190 mm long, ideal for precision work.
- **Specific use:** Designed for engraving on marble and granite.
- **Ergonomics:** Handle that provides a comfortable and secure grip.
- **Versatility:** Suitable for various applications on stone.
- **Compatibility:** Can be used with different striking tools.
- **Finish:** Allows for fine details and professional finishes.
- **Manufacturing:** Made with high-quality materials for performance optimal.
- **Maintenance:** Easy to clean and maintain in optimal condition.
- **Recommended use:** Ideal for artists, sculptors, and stone workers.

Specifications

EAN	3660354028067
Manufacturer	Guillet
Material	Metal
Weight (kg)	0,1000
