Description

The Kukko-18-006A threaded adapters are an essential solution for removing and disassembling threaded parts such as dowels, parallel pins, and bolts. Designed specifically for use with the 18 series extraction tools, these adapters ensure a precise and secure fit, facilitating work in a wide variety of industrial and mechanical applications. Its robust and durable construction ensures reliable performance, even under demanding conditions.

- **Compatibility:** Designed for 18 Series extraction devices (models 18-0 and 18-1).
- **Functionality:** Ideal for extracting and disassembling threaded parts.
- **Material:** Manufactured from high-quality materials for increased durability.
- **Precision:** Provide a secure and precise fit on threads.
- **Use:** Suitable for industrial and mechanical applications.
- **Presentation:** Supplied in pairs for convenience.
- **Versatility:** Compatible with a variety of threaded parts.
- **Ease of Use:** Intuitive design simplifies the process of Extraction.
- **Dimensions:** M6 x M10 threads for a standard fit.
- **Applications:** Perfect for machine shops and industrial environments.

Specifications

EAN	4021176337536
Manufacturer	Kukko
Weight (kg)	0,0900
