Description

The Kukko-18-208A threaded adapters are an essential tool for removing and disassembling threaded parts such as dowels, parallel pins, and bolts. Designed specifically for use with the 18 series extraction tools, these adapters ensure a precise fit and efficient operation. Their robust and durable construction guarantees reliable performance in a variety of applications, making work easier in mechanical and maintenance environments. Supplied in pairs, allowing for greater versatility and ease of use.

- **Compatibility:** Designed for 18 series extraction tools.
- **Dimensions:** M8 x M14 x 1.5 threads.
- **Use:** Ideal for extracting and disassembling threaded parts.
- **Material:** Manufactured from high-quality materials for durability.
- **Ease of Use:** Allow for quick and secure adjustment in various applications.
- **Versatility:** Suitable for a variety of parts, including dowels and bolts.
- **Package:** Supplied in pairs for convenience.
- **Applications:** Perfect for machine shops and industrial maintenance.
- **Design:** Compact and lightweight, easy to store and transport.
- **Performance:** Ensures efficient and hassle-free extraction.

Specifications

EAN	4021176337956
Manufacturer	Kukko
Weight (kg)	0,2550
