**KUKKO M18 x M18x1.5
threaded adapters for 18-3
extraction devices**

Brand: Kukko

Reference: TUR 18-318A

Kukko-18-318A threaded adapters, M18 x M18 x 1.5, designed for the extraction and disassembly of threaded parts. Compatible with 18 series extraction tools. Supplied in pairs for ease of use.

[View product online](#)**Description**

Kukko-18-318A threaded adapters are essential tools for removing and disassembling threaded parts such as dowels, parallel pins, and bolts. Designed specifically for use with 18 series extraction tools, these adapters ensure a precise fit and efficient operation. Their robust and durable construction guarantees reliable performance in a variety of industrial and mechanical applications. Each pair of adapters is designed to facilitate work in environments where quick and effective disassembly of threaded components is required.

- **Compatibility:** Designed for 18 series extraction devices.
- **Dimensions:** M18 x M18 x 1.5 thread.
- **Use:** Ideal for removing pins, parallel pins, and bolts.
- **Material:** Manufactured from high-quality materials for durability.
- **Precision:** Ensure a perfect fit for optimal performance.
- **Ease of Use:** Enable quick and efficient disassembly.
- **Presentation:** Supplied in pairs for convenience.
- **Applications:** Suitable for industrial and mechanical environments.
- **Maintenance:** They require little maintenance for prolonged use.
- **Versatility:** They can be used in a wide range of extraction tasks.

Specifications

EAN	4021176338861
